Module leader's guidance notes for student:

Report is very prescriptive and descriptive in few areas. Good sources of renewable but weak policy and the outline plan needed for sustainable development is unclear. Widen your reading as all your references are web based. Diagrams are not sourced. Poor acknowledgement of referencing in text. Make better use of Harvard. Reads well.

 This is a poor effort. Too short an assignment. A good deal of depth is required. Use more up to date references and widen your reading on the subject. Too reliant upon module handout references. You need to research on your own. Poor acknowledgement of referencing in text. Make better use of Harvard.
